

The all-new 2019 Chevy Blazer is the pinnacle of performance meets comfort, with a 21st century twist. In today's world every driver wears many hats, from corporate executive, to weekend DIY-er, and everything in-between. The Chevy Blazer is the versatile vehicle to suit all the needs of any driver, with comfort and luxury matched with the ruggedness to perform any task. An 8-inch touchscreen display is standard in all models and unlocks a world of entertainment possibilities. Bluetooth connectivity is standard, and with optional SiriusXM Satellite Radio, endless entertainment is a touch away. The Chevy Blazer has 4G LTE WiFi hotspot capabilities, so you will never lose connection when streaming your favorite podcasts or following GPS directions to get to that important interview! Active Noise Cancellation comes standard in all models, to keep road noise out and entertainment in. The luxurious entertainment and comfort capabilities of the Chevy Blazer are paired with safety features to make sure you arrive to any destination safely and in style.

Standard on all models is StabiliTrak electronic stability control, to keep you on the road to success, literally. Additionally, rear park assist is a great option for increased safety. Another standard feature, Teen Driver, is an advanced safety feature to bring ease of mind and comfort when handing over the keys to new drivers. Teen Driver actively works to promote safe driving habits for your teen, on prom night they'll want to borrow your Blazer for the style and you'll feel confident knowing they're safe. No Chevy would be complete without OnStar to provide hands-free safety and communication features. The Chevy Blazer excels in comfort, and safety- and has the grit to tackle any task.

The Chevy Blazer is no slouch with 4,500 lbs towing capabilities, and a standard V6 engine, with optional all-wheel drive, the Blazer has the power to take on any tough job with comfort and ease. The all-new 2019 Chevy Blazer provides sophistication and grit for any driver to do all things with safety, strength, and style because after all, "Understated is Overrated."
